

*Infinity*<sup>®</sup>

Class A Motorhomes

In the Infinity Class A Motorhome, you can get away from it all without leaving comfort behind. Whether it's your home or your home away from home, the Infinity has it all. No motorhome on the market can match the standard features and amenities found in the Infinity – and this year we've added even more. Take a look at all the exciting new construction and design changes we've made to ensure that a great motorhome was made even better.

For many years, Four Winds International has been regarded as a major force in the field of motorhome manufacturing. This is due to our commitment for providing intelligent design paired with a certain knowledge... "To be successful one must provide true value for the dollar." The Infinity continues our history of superior value in grand fashion.

*Infinity...where the highest in standards match the highest of value.*

You'll love the newly designed front cockpit area. All floorplans now feature a 25" color TV located in the center of the front overhead along with a storage compartment on both sides. The entire dash area has also been redesigned and, as always, all gauges are within easy view and all switches and controls within easy reach. It has burl wood treatments along with a burl wood drink tray.

Each motorhome is built with your comfort and safety in mind. The fully insulated, steel cage construction protects you, while the large panoramic windshield affords maximum visibility. Our large, fully adjustable captain's chairs keep you very comfortable for the long drive and are available in optional leather. Seatbelts are located throughout.

Infinity has five different slideout floorplans to choose from. These floorplans have been designed for extra comfort with added living room, dining room and bedroom space. Slide rooms dramatically increase floor space while offering a tremendous amount of interior storage under dinettes and in overhead storage cabinets. The 33SL offers a large living and dining room slide area. The 34K and 34E provide a large living and kitchen slide area with your choice of either a walk through bathroom or completely enclosed bathroom. The 34K and 34E come standard with our patented travel lock system which secures the room safely in place with the push of a button. Infinity also offers two double slide floorplans. Both the 32R and the 35D floorplans have a living and dining room slide up front and a unique bedroom slide. The bed top slides out on these floorplans maximizing the valuable under-bed storage. Check out our complete line-up; they're a motorhome owner's dream. Easy to operate, Infinity's slideouts are built for reliability and long life.

Infinity's kitchen is beautifully designed with convenience in mind. You'll love the larger Corian® countertop with sink covers and flush mount range top. The single lever faucet with an incorporated sprayer makes cleaning up a snap. The kitchen floor is a heavy-duty tiled linoleum which is both practical and durable. We don't stop there – you'll find residential-style, brand name appliances throughout, and all the drawers are fitted with high-quality metal roller guides for smooth operation.

As you enter the Infinity bedroom, you will be surrounded by elegance with etched glass mirrors on the shirt closets and solid oak overhead cabinet doors. The beautiful wall sconces for reading finish off the warm surroundings. All of the bedrooms feature an island queen bed complete with a deluxe innerspring mattress, matching bedspread, pillow shams and window treatments. Wardrobes, shirt closets and convenient nightstands provide plenty of room for your belongings. For additional storage, the bed frame is fitted with gas lift-struts for easy access to the valuable cedar lined area underneath. All floorplans come standard with a bedroom TV cabinet.

Infinity's bathroom offers a Corian® counter and sink along with the convenient medicine cabinet with vanity lights. The standard skylight allows for additional natural lighting and warmth while adding extra headroom in the shower area. Most floorplans offer a spacious garden-style shower for added comfort.

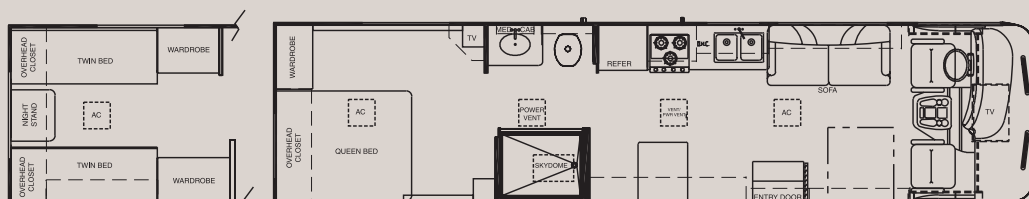

### 34W "Easy Access" Class A Motorhome

The Infinity 34W "Easy Access" floorplan is specifically designed to enhance the traveling and camping opportunities for everyone. It comes equipped with the Braun Corporation hydraulic lift and includes standard features such as a free-standing dinette, convection microwave, oversized roll-in shower and an open sink area in the bathroom. This floorplan also features extra wide aisles for maximum accessibility. It includes all the great construction and safety features found in all of Infinity's floorplans.

**It's motorhome living made affordable for everyone!**

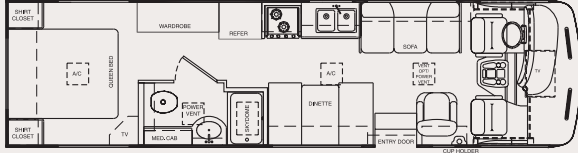

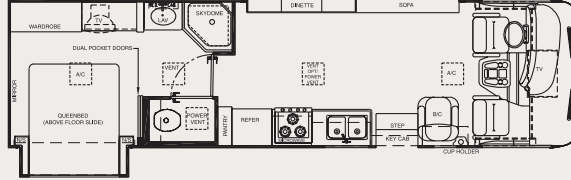

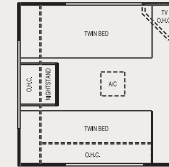

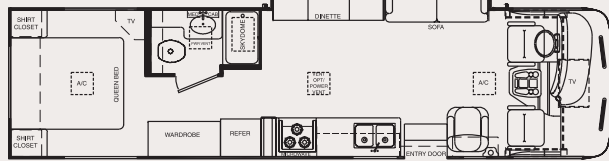

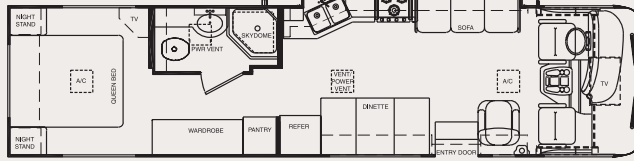

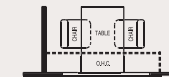

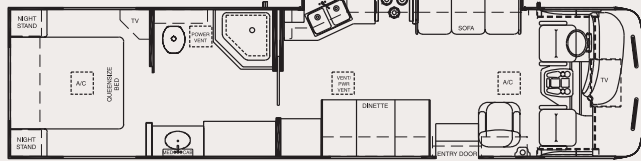

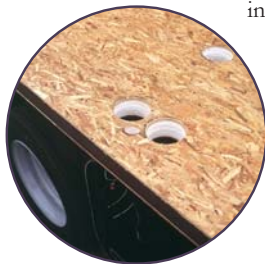

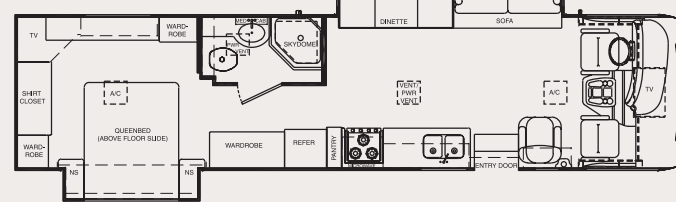

**Floorplan and Twin Bed Option for the 34W**

The richly appointed interiors include all of the standard features found in any of Infinity's floorplans. You are sure to enjoy all of the comforts and conveniences the 34W has to offer. It is the first standard run motorhome designed for easy access both inside and out.

Four Winds' new ISS Platform (Isolated Super Structure) incorporates unsurpassed durability, rigidity and a smooth ride in one sleek package. Designed to be compatible with both Ford and Workhorse chassis, steel cross trussing, longitudinal stringers and steel storage compartment supports are fully integrated to create the most advanced platform to date.

This super structure is then strategically secured to the motorhome chassis through a series of rubberized mounts.

Our exclusive E.M.T. (Energy Mount Transfer) system serves to dampen unwanted vibration and energy before it reaches the motorhome body assuring the driver and passengers a smooth, quiet and comfortable journey. Our Infinity combines this superior level of strength and comfort for its passengers.

## Infinity Class A Standard Features

### Construction / Exterior

- 3" steel-welded floor system
- 2nd auxiliary battery
- Automatic electric entrance step
- Deluxe heavily-insulated aluminum compartment doors
- E.M.T. system consists of a rubber mounting suspension system on the chassis that absorbs and isolates road vibration for a smoother ride
- Exterior paint with paint mask
- Factory-installed awning
- Factory-installed hitch
- Fog lights
- Fully insulated ceiling ducted air conditioning and in-floor, residential-style heating
- Fully laminated roof, walls and floors incorporating energy-saving high-density block foam insulation
- Fully-welded tubular aluminum roof and sidewall cage construction
- Generator
- Heated and enclosed Roto-cast® holding tanks
- Heated, enclosed utility station with full hook-ups
- Large pass-through exterior storage compartments
- One-piece fiberglass rear cap
- Premium one-piece rubberized roof
- Roto-cast® storage compartments
- Safety-assured double steel-plated and insulated firewall and cockpit floor
- Seamless, gelcoat exterior sidewalls
- Skylight in bathroom
- Spare tire
- Wheel liners

### Appliances / Electronics

- 11,000 BTU ducted roof air conditioner (rear)
- 13,500 BTU ducted roof air conditioner (front)
- 19" color TV with remote in bedroom (32R and 35D only)
- 25" color TV with remote in front overhead
- Cable TV hook-up
- Coleman direct cool air conditioning system
- Deluxe combination single lever faucet with sprayer
- Electronic ignition water heater with standard water heater bypass kit
- Fully-equipped galley includes a large double door refrigerator, flush-mount, high-output 3-burner gas range with oven and residential-style microwave
- Name brand appliances
- Passenger side computer hook-ups include 110V and phone jack
- Phone jack
- Premium digital AM/FM cassette stereo

### Comfort/Convenience/Safety

- Bedroom TV cabinet
- Corian® countertops with matching sink covers
- Day/night shades
- Deluxe bus-style remote/heated exterior mirrors
- Deluxe innerspring mattress with comforter
- Easy-access flip-up storage sofa
- Emergency start
- Fluorescent lightning
- High-efficiency heating, air conditioning and defrosting distribution system built into the dash
- LP leak and CO detectors
- Marine-type detachable power cord
- Remote battery disconnect
- Residential tiled linoleum (galley area)
- Rubber tread entry steps
- Spacious overhead cabinetry with raised dark oak doors
- Vanity with stool in bedroom (32R only)

### Infinity Class A Options

- 13" color TV with remote (bedroom N/A on 32R or 35D)
- 13,500 BTU ducted roof air conditioner (bedroom)
- 5.5 KW Onan® generator
- 7.0 KW Onan® generator
- 50-amp service
- Back-up camera with audio
- Captain's chair in place of barrel chair in living room (N/A on 34W)
- Convection microwave with high output 3-burner range top (standard on 34W)
- Dash fans
- Deluxe AM/FM stereo with CD player
- Dual-pane windows
- Fantastic® ceiling fan
- Free-standing dinette with 4 chairs (standard on 34W)
- Hide-a-Bed sofa (32R, 33SL, 34W and 35D only)
- Hydraulic leveling jacks
- Leather driver and passenger seats
- Outside shower
- Refrigerator with ice maker
- Twin beds with nightstand (N/A on 32R or 35D)
- Video cassette recorder

Redesigned sub-floors have allowed for more exterior storage than ever. Pass-through compartments are now found in two locations, and a new open face design highlights Infinity's new storage system. Roto-cast® construction minimizes the possibility of water intrusion and ensures quiet, strong compartments. Fully insulated metal doors ensure safe storage for your valued belongings.

Infinity's heated, lighted utility station makes set-up and take-down a snap day or night. Enclosed within a dedicated Roto-cast® compartment, phone, cable, electrical and plumbing connections remain protected and dry. An outside shower provides easy clean up, while a separate sewer hose compartment keeps things neat and tidy. Larger holding tank capacities ensure longer usage between dumping.

**Why a Thor Product Is Your Best RV Value.**

Thor Industries, Inc., listed on the New York Stock Exchange, proudly traces its history back seventy years to the pioneering days of the RV industry with the founding of Airstream, the industry's oldest and most renowned brand. Our total commitment to quality and our philosophy of putting our customers first has led to our continuous growth; today Thor is the second largest builder of RVs in North America. Thor's strong financial condition and years of solid growth are your assurance that we will be here to serve you for years to come. We think this extra peace of mind is important when you are making a significant investment. Because we are #2, we work harder than other manufacturers to satisfy you. Our customers are always #1 with us.

## Thor's exclusive Full 2-Year Limited Warranty

We're so confident in the design and construction of our products that they are covered by Thor's exclusive Full 2-Year Limited Warranty: "bumper-to-bumper" coverage to protect your RV investment. The best protection in the RV industry - by far.

This brochure is printed on recycled paper as part of Thor's corporate effort to minimize waste and conserve our natural resources. Providing safe, fuel-efficient recreational vehicles is Thor's way of further demonstrating our role as the industry leader in safeguarding our nation's environment.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

**Vehicle Loading:**

Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

**Dry Weights:**

Based on standard features; optional equipment not included. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight. (GVWR) and includes fluids, options, and cargo. Liquid capacities and weights are approximations only.

**Warning:**

This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
